

Networks Unlimited Earns 2010 All-Star Channel Partner Award from Websense

Leader in Content Security Recognizes Networks Unlimited as a Top-performing Channel Partner

Coronado, CA — Networks Unlimited, Inc. has been named a 2010 All-Star Channel Partner by Websense, Inc., a global leader in integrated Web, data and email security solutions. The prestigious honor, which recognizes Networks Unlimited for being a top performer in the Websense® ChannelConnect Partner Program, was presented by the Websense executive team during the company's 2010 North American Channel Partners Conference which took place January 20 – 22 in Coronado, Calif.

“We are thrilled to honor Networks Unlimited and applaud their success as a Websense channel partner,” said Erin Malone, senior director, Channel Sales, Websense. “Despite a challenging economy, Networks Unlimited grew their Websense business and continued to prosper as one of our top-performing channel partners.”

“We have been a strong proponent of Websense technology for our customers due to the significant value it delivers, as an important security layer in protecting users from today's web/email security threats, as well as being a critical tool for managing Internet use within any organization,” says Harry Segal, President of Networks Unlimited. ”

The winners of the 2010 Websense All-Star Partner Awards were evaluated on a variety of criteria including achievements against measurable objectives such as overall annual sales billings, year-over-year growth, technical and sales excellence, product competencies, newcomer of the year, percentage of new business earned between January 1, 2009 and December 31, 2009, as well as their overall commitment to Websense.

About Websense, Inc.
